| 009210832                                                                        | 921BA | 32 | 43,5 | 46   | 22    | 41,5  | 305                                                                               |

Attenzione! Chiave in lega beryllio-coppa (Cu-Be) a cui devono essere evitati contatti con presenza di scintille o con esposizione alla fiamma o alle scintille.  
 Caution! Spanner key in Copper-Beryllium alloy (Cu-Be) which must be protected from sparks or flame or exposure to sparks.  
 Beta spanner keys cannot be used in contact with anything that produces heat, sparks or flames.  
 Always use keys with the proper safety label and always use proper safety practices.
