

# REMS Mini-Cobra A

Electric drain cleaning machine

Electric drain cleaning machine with switchable feed-forward and reverse. For effortless and quick application to remove pipe blockages in kitchen, bath, toilet.

For pipes Ø 20–50 (75) mm  
For cables Ø 8, 10 mm

## REMS Mini-Cobra A – Fast clearance of pipe blockages. With switchable feed-forward and reverse.

### Design

Compact unit of drive machine and cable drum. Handy, light. Only 5.0 kg. Combined thrust and grip handle for controlling the automatic feed-forward and reverse and for safe holding of the unit. Easy operation also in traps and tight bends. Easy insertion of cable directly through strainers in sinks and drains.

### Drain cleaning cables

Drain cleaning cables in high quality spring steel. Specially hardened. Highly flexible for effortless feed-forward in tight pipe bends. Cable end with bulbous head (sink strainer head), thus easy to bend. Drain cleaning cables with core in high quality spring steel prevents ingress of dirt and generation of long fibres in the cable windings.

### Cable drum

Corrosion resistant cable drum in shock-proof, glass-fibre reinforced plastic prevents pollution of the environment. Ventilation of the cable drum interior enables self-drying of cable. View of the cable at any time.

### Drive

Proven drive unit with hexagon mount. Enormously powerful. Robust, maintenance-free gear with safety slipping clutch. Universal motor, 630 W, high-torque forward and reverse at low speed. Stepless, electronic speed control. The speed between 0 and 950 rpm is controlled by pressing the tip switch steplessly (acceleration switch).

German Quality Product
