

# Impressive diversity. **DRALL<sup>+</sup> screwdrivers.**

Made in  
Germany

For professionals who constantly face new challenges in their daily work: the DRALL<sup>+</sup> screwdriver series with the 2-component cushioned handle. DRALL<sup>+</sup> screwdrivers are a byword for long dependability, functional integrity and comfortable handling, which makes light work of any task.

## SAFE.

The flange-like hand stop **1** prevents injuries caused by unintentional slipping – and also stops the tool rolling away.

## FAST.

The lower end of the handle (multifunction zone **2**) is deliberately made extra-long. This enables the thumb and index finger to wrap around more easily and spin the screwdriver.
