

It's the first impression that counts. **Point-of-sale system solutions.**

1

When the POS system was being developed, there was one main focal point: to generate the greatest possible benefit for the trade. The high-grade, visually appealing system features numerous sophisticated details designed to make life easier for the trade – and boost sales. Typical for STAHLWILLE.

MODULAR.

As individual as your sales area. Whether you have a 1 m shelf system or a large curved corner solution – the POS system can be integrated anywhere.

TOOL APPEAL.

The high-grade presentation system not only enhances the shop space – it appeals to customers directly and actively helps with sales.
